Greetings,

I hope everyone had a safe and happy holiday. As we begin another new year, I look forward to serving as President of AACOP. This year I would like to stress the importance of communication. Members please notify your District Representative of events that occur in your districts. Whether you need words of advice, support, or a prayer of comfort, the Executive Board is here for you.

Our membership is the lifeline in our organization. Each member is vital to the AACOP and the overall mission of the law enforcement profession. This year I would like to remind you that membership in our organization is earned. The communities that you serve and protect have given you the right to be part of this organization. I would encourage you to make a New Year's resolution to be active in our association.

As we prepare for 2015, I encourage the membership to participate in the CLEEP training throughout the year. The Education Committee of AACOP has entered into partnerships with Jacksonville State University and The University of North Alabama. We have been working continuously to provide the highest level of training for our members. Education is the key to promoting professionalism.

I want to further challenge each of you to contact fellow Chiefs of AACOP that are not actively involved and encourage them to participate in the Association. As the strongest law enforcement network in Alabama, we can make a difference. The Alabama Legislature will begin meeting, discussing changes, and adding new laws that affect us all. I know that Retired Chief Frank DeGraffenreid can verify that one phone call can make a difference.

Finally, I want to welcome you to the 2015 Winter Conference hosted in Montgomery. I look forward to seeing each of you as we educate, train, and network together to make our profession the best. Remember what an unknown author quoted, "One cannot help many, but many can help one."

Thank you for your support.

Bradley C. Kendrick
